RISOGRAPH
TECHNICAL INFORMATION

TO: Dealer Technical Department

FROM: Rick Church

SUBJECT: Write Roller, Part Number Change

MODEL: 2700

Date: 4/15/88

Issue# T-11

* REVISED

The old part number: 005-21103-000 write roller changed to new part number: 007-15262-104 write roller, price to remain the same.

Reason: Vendor of old write roller changed to new vendor. New type write roller has a different shape.

WRITE ROLLER

OLD TYPE 005-21103-000

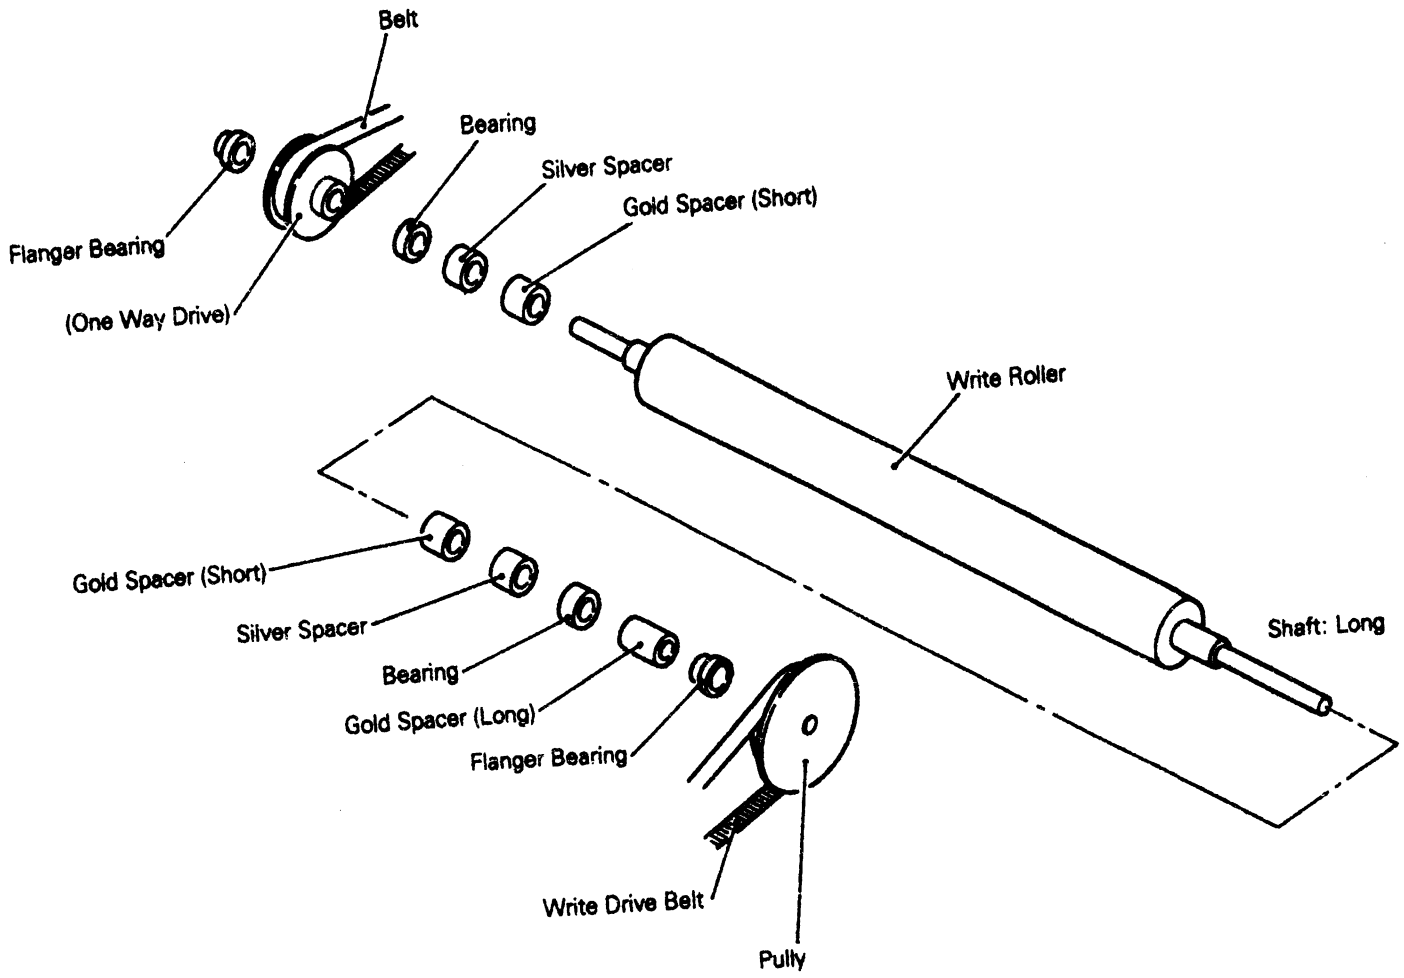
NEW TYPE 007-15362-~~104~~ 201

* Machines with serial numbers 90410001-90410190 have the old type write roller. Machines with higher serial numbers have the new type roller.

* Both rollers are interchangable and no modification is needed. However, RISO, Inc. will only carry the new type for replacement stock. Please change your parts list and parts price book to new number.

When changing old type write roller to the new type it will necessary to delete <u>Gold Spacer (Short)</u> during assembly (see figure below).

* Please refer to page 3-29 in tech manual and add this information for future reference.



Write roller should <u>never</u> be washed. To clean, wipe with a dry towel or cloth. If washed by accident, the roller may become tacky and master material may stick to the roller. If roller becomes tacky, wipe roller with tissue paper or coat roller (lightly) with powder.
